HALOTHERAPY LOUNGE

Salt therapy, or halotherapy, uses a halogenerator to vaporize pure salt into the air so it can be breathed deeply into the lungs. Our salt therapy room contains pure organic Himalayan salt and a high-quality halogenerator to turn that pure salt into a salt vapor that provides so many health benefits. The salt is ionized and then released into the atmosphere. When these vapors are inhaled it serves as an immune system booster during cold and flu season; helps to combat stress, depression and helps alleviate the high amounts of pollutants and bacteria we all breathe every day. Grand View Spa is the only spa in Wyoming that offers a halotherapy lounge. Thirty minute sessions may be added onto any treatment.

SPA PASS

Utilize Grand View Spa's beautiful facilities at your leisure while staying in Jackson Hole. Enjoy private women's and men's hot tubs, steam rooms and experiential showers in each locker room. Relax in comfortable lounges next to warm fireplaces while sipping tea or champagne, or take in our "grand views" while soaking in the co-ed outdoor hot tub while overlooking Snow King Mountain, and don't miss indulging in our infrared sauna to get a blast of Vitamin D. We invite you to enjoy our Spa amenities for up to 3 hours which are included with all booked treatments, or for daily purchase. Non-resort guest's use may be limited due to the capacity of on-site guests.
